

Project Survey Questionnaire

I-69 Strategic Corridor Planning Study
Eddyville to Henderson, Kentucky
Lyon, Caldwell, Hopkins, Webster and Henderson Counties

The Kentucky Transportation Cabinet is sponsoring a Strategic Corridor Planning Study to examine the proposed portion of Interstate 69 between Eddyville and Henderson, Kentucky. This segment is one of 32 individual projects that would make up the new I-69 corridor. I-69 is a federally designated, high-priority corridor that will complete an interstate highway from Mexico to Canada. Minimum requirements for lane and shoulder widths, bridge clearances, interchanges and other characteristics are necessary for all federally designated interstate routes. This planning study is reviewing the **Edward T. Breathitt (Pennyryle)** and **Wendell H. Ford (Western Kentucky) Parkways** to determine what improvements would be necessary to upgrade these roads to serve as Interstate 69.

The Kentucky Transportation Cabinet would appreciate your comments on this form about the proposed project. Please return this form to a Kentucky Transportation Cabinet representative prior to leaving the meeting, or place it in the postage paid envelope and mail it back by **October 31, 2002**.

All comments are welcome! We appreciate your participation!

Date:

Representing (if applicable):

Address:

Phone (optional):

1) Do you think this project would (check one):

- ☐ Be helpful to the region
- ☐ Not be helpful to the region
- ☐ Have little or no impact on the region

2) Do you know of any problems along the existing Parkways between Eddyville and Henderson? Please rate the severity of current problems by circling a number between 1 (no problems) and 5 (serious problems):

| Issues | No Problems | Some Problems | | | Serious Problems |
|---------------------------------|-------------|---------------|---|---|------------------|
| Too much traffic | 1 | 2 | 3 | 4 | 5 |
| High speeds | 1 | 2 | 3 | 4 | 5 |
| Large trucks | 1 | 2 | 3 | 4 | 5 |
| Poor visibility | 1 | 2 | 3 | 4 | 5 |
| Dangerous curves | 1 | 2 | 3 | 4 | 5 |
| Narrow lanes | 1 | 2 | 3 | 4 | 5 |
| Narrow shoulders | 1 | 2 | 3 | 4 | 5 |
| Stopped or broken down vehicles | 1 | 2 | 3 | 4 | 5 |
| Other _____ | 1 | 2 | 3 | 4 | 5 |
| Other _____ | 1 | 2 | 3 | 4 | 5 |

3) Are there any specific safety issues along the existing Parkways? Where and what type of problems exist?

4) Are there locations along the existing Parkways where additional access (interchanges) may be needed or where the existing access needs to be improved?

5) Are there areas that should be avoided if improvements are made to the existing Parkways? Please check a box for areas to avoid and identify any specific locations:

| <u>Areas to Avoid</u> | <u>Specific Locations (if known)</u> |
|---|--------------------------------------|
| <input type="checkbox"/> Personal properties or homes | <hr/> |
| <input type="checkbox"/> Businesses/commercial property | <hr/> |
| <input type="checkbox"/> Natural areas or habitats | <hr/> |
| <input type="checkbox"/> Recreational areas | <hr/> |
| <input type="checkbox"/> Historic or cultural sites | <hr/> |
| <input type="checkbox"/> Hazardous or monitored sites | <hr/> |
| <input type="checkbox"/> Scenic areas or viewsheds | <hr/> |
| <input type="checkbox"/> Other <hr/> | <hr/> |
| <input type="checkbox"/> Other <hr/> | <hr/> |

Additional Comments:

If you did not receive a postage paid envelope, please send your survey or written comments to:
